JOIN US IN BUILDING A SUSTAINABLE FUTURE

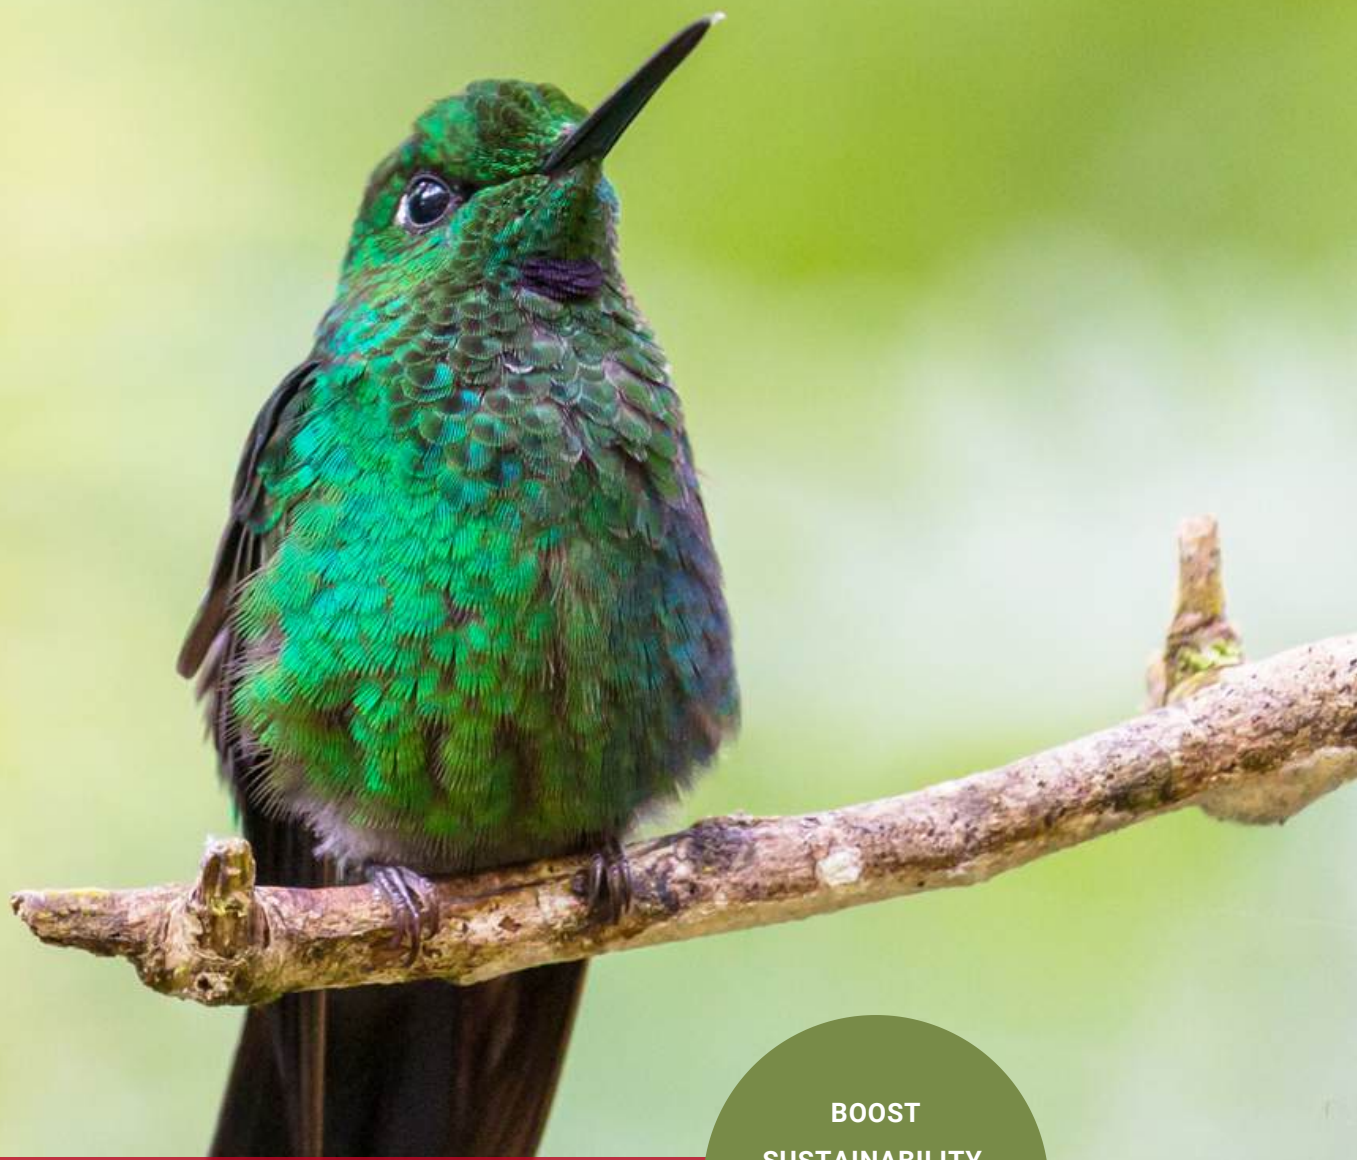

ESG

LOOKING TO MEET ESG REQUIREMENTS?

As companies of all sizes face growing expectations around Environment, Social and Governance (ESG) standards, the call to action is clear: we must all contribute to a more sustainable world.

Large corporations are already implementing strategies to comply with new ESG guidelines and though SMEs are not yet mandated, they're increasingly expected to follow suit - especially when partnering with larger enterprises.

Labomed Europe is here to support you in making steps toward sustainable business practices. Together, we can create impactful change that benefits the environment, strengthens your market position and enhances your brand as an eco-conscious partner.

JOIN OUR SUSTAINABILITY PROGRAM

As a Labomed Europe partner, you're invited to join our Sustainability Program - a proactive step to showcase your dedication to sustainability.

This program is designed to help you and your clients engage in sustainable practices through safe disposal initiatives that align with EU ESG goals.

One of our core commitments is ensuring the safe disposal of unused Labomed medical microscopes. By participating, you'll enhance your sustainability image and create opportunities to engage with customers who may be ready for upgraded equipment.

SUSTAINABILITY,
ENGAGE CUSTOMERS,
DRIVE GROWTH**

CIRCULAR SOLUTIONS FOR A SUSTAINABLE FUTURE

RESPONSIBLE DISPOSAL

At Labomed, we handle every returned microscope with care, disassembling each unit and make sure all parts can be safely disposed of in compliance with EU regulations.

LABOMED TAKES CARE OF THE PROCESS, SO YOU CAN FOCUS ON YOUR BUSINESS

1 WE OFFER COMPLETE SUPPORT TO MAKE IMPLEMENTING THE PROGRAM SEAMLESS FOR YOU!

2 CUSTOMER AWARENESS MATERIALS

We provide ready-made templates for email campaigns, newsletters, brochures, website and social media content to help you introduce the program to your customers.

3 EFFORTLESS LOGISTICS

Once you register an old microscope for safe disposal, Labomed takes care of all logistics - from pick-up of the packed microscope to responsible disposal.

4 CUSTOMER TESTIMONIALS

For each success story, we collaborate on a customer testimonial to showcase the positive impact of your sustainability efforts.

5 ANNUAL SUSTAINABILITY REPORTS

Labomed also supplies an annual report on the program's outcomes, helping you document your sustainability initiatives. This can serve as valuable input for your own ESG reporting as regulations evolve.

TAKE ACTION TODAY

READY TO MAKE A DIFFERENCE?

Book a meeting now with our sales team to discuss the program in detail and plan how to bring these opportunities to your customer base.

LABOMED'S VISION FOR A GREENER TOMORROW

Inspired by Nature: Our logo, modeled after the hummingbird, embodies agility, balance and harmony with the natural world. Just as hummingbirds are essential to pollination and ecosystem health, Labomed is committed to fostering sustainability and positive environmental change. This symbol reflects our dedication to eco-friendly practices and our celebration of the resilience and beauty of the natural world.

Together, let's create a sustainable future - one microscope at a time.
